

Design4Health 2018 Programme Summary

Tuesday 4th September

13.00 Regi- stration	14.00 Welcome	14.30 Keynote 1: Dilys Price	15.15 Keynote 2: Charlotte Bright & Patrick Bonnett	16.00 Afternoon Tea	16.30 Breakouts 1: Hawaiian Surf Dementia 1 Raspberry Co-Design 1 Citrus Service Design Butterum Empathic Design Bamboo Workshop	18.00 Ghost walk	19.00 Private view: Hospitables exhibition	21.00
----------------------------	------------------	------------------------------------	--	---------------------------	--	------------------------	--	-------

Wednesday 5th September

8.30 Reg.	9.00 Breakouts 2: Hawaiian Surf Product Raspberry Designing w/ Complexity Citrus Democratization & Design Butterum Implementation	10.30 Coffee	11.00 Breakouts 3: Hawaiian Surf Behaviour Change Raspberry Co-Design 2 Citrus Education Butterum Workshop Bamboo Workshop	12.30 Lunch	13.30 Posters	14.00 Keynote 3: Jayne Wallace	14.45 Keynote 4: Gavin Munro	15.30 Tea	16.00 Breakouts 4: Hawaiian Surf Design Cultures Raspberry Co-Design 3 Citrus Dementia Butterum Spaces?	17.30 close	19.15 Gala dinner Sheffield Cathedral	23.00
--------------	--	-----------------	--	----------------	------------------	--------------------------------------	------------------------------------	--------------	--	----------------	---	-------

Thursday 6th September

8.30 Reg.	9.00 Breakouts 5: Hawaiian Surf Visual communication Raspberry Co-Design 4 Citrus Technology & Design Butterum Communication thru/ Design	10.30 Coffee	11.00 Breakouts 6: Hawaiian Surf Stigma Raspberry Co-Design 5 Citrus Technology & Ageing Butterum Co-production	12.30 Lunch	13.30 Posters	14.00 Keynote 5: Sue Walker	14.45 Keynote 6: Gary Hickey	15.15 Tea	15.45 Plenary & discussion	16.30 Close
--------------	--	-----------------	--	----------------	------------------	-----------------------------------	------------------------------------	--------------	----------------------------------	----------------

Design4Health2018 Breakouts programme

Tuesday 4th Sep

Sessio	Time	Day	Colour	Strand	ref	title	presenter
1	16.30 - 18.00	Tue	Hawaiian Surf	Dementia 1	686	Designing for playfulness through compassion: design for advanced dementia	Treadaway
					743	Evaluation or anecdote: understanding the impact of design	Kenning
					561	Designed with Me: Dementia's Creative Communities	Rodgers
					695	Staying in touch as partners - creating islands of normality for couples living with dementia	Pedell

Room: HC006 Steward: Helen Fisher
Chair: Julie Walters

Tuesday

Sessio	Time	Day	Colour	Strand	ref	title	presenter
1	16.30 - 18.00	Tue	Raspberry	Co-Design 1	645	Recovery by Design: Design tool innovation to engage dependant drinkers	Champ
					660	A reflective tool to consider notions of healthcare community participation in design	Wheeler
					672	How Lego Serious Play TM supports the creative coproduction of new knowledge in healthcare	Wolstenholme

Room: HC029 Steward: Julie Roe
Chair: Gary Hickey

Wednesday 5th Sep

Sessio	Time	Day	Colour	Strand	ref	title	presenter
2	9 - 10.30	Wed	Hawaiian Surf	Product	670	Objects of desire and of disgust: Analysis and Design of Assistive Technologies	Spinelli
					657	A set of Cutlery For Stroke Patients	Henley
					616	Product Representations as Mediating Tools in the Development of New Medical Device	Eriksson
					602	Accepting an assisted Sleep - Influencing engagment with Continious positive Air Pressure Therapy through Design.	O'Brien

Room: HC006 Steward: Julie Roe
Chair: Heath Reed

Time	Day	Colour	Strand	ref	title	presenter	
2	9 - 10.30	Wed	Raspberry	Designing within Complexity	550	Experience + Experience + Experience = Empathy	Woodcock
					659	Co-development of an ethical framework to guide design research in a living lab focused on living well for longer	Moody
					717	Between Care and Control: The consequences of digitalization for person-centered care	Schimmer

Room: HC029 Steward: Janet Ulman
Chair: Alaster Yoxall

Tuesday							
Sessio	Time	Day	Colour	Strand	ref	title	presenter
1	16.30 - 18.00	Tue	Citrus	Service Design	589	Service Operations: An Integrative Framework for Agile Service Design, Delivery and Operations	Knight
					566	A pictorial interviewing method designed to effectively include the voice of residents of care homes for older adults.	Dee
					644	The Service Experience Design Framework	Knight
					690	The ecopsychosocial complexities of acute psychiatric wards	Chryssikou
Room:	HC032			Steward:	Nantia Koulidou		
				Chair:	Irene Mabbott		

Tuesday							
Sessi	Time	Day	Colour	Strand	ref	title	presenter
1	16.30 - 18.00	Tue	Butterum	Empathic design	704	The design of a wearable robotic device for stroke rehabilitation that addresses acceptance and initiation of use	Saul
					706	An evaluation of the accessory approach in the design of personalised wearable health devices using a biopsychosocial framework	Moeller
					709	The paradox of personalising wearable health design: from ostomy to accessory?	Moeller
					683	Creating caring conversations for patients living with obesity. The 5As Team at Home.	Noel
Room:	HC016			Steward:	Annie Dunsmore-Dawson		
				Chair:	Jonathan Wheat		

Tuesday							
Sessi	Time	Day	Colour	Strand	ref	title	presenter
1	16.30 - 18.00	Tue	Bamboo	Workshop (90 mins)	570	CAREABLES: Co-designing Open Healthcare (max 10 people)	Wildevuur

Tuesday							
	Time	Day	Colour	Strand	ref	title	presenter
2	9 - 10.30	Wed	Citrus	Democratization & Design	732	To Rethink a Quality of an Education Philosophy and Methods in Black Mountain College Regarding a Matter of Hikikomori Phenomenon in	Takeno
					725	Of Other Products: Marginalised Perspectives, Speculative Heterotopia and Health Debate	Darby
					714	Design With Care - From Art to Applied Design to Income Source	Cassim
					778	The Politics of Participation	Craig & Smith
Room:	HC032			Steward:	Nantia Koulidou		
				Chair:	Smizz		

Tuesday							
	Time	Day	Colour	Strand	ref	title	presenter
2	9 - 10.30	Wed	Butterum	Implementation	575	MakeToCare. Designing an ecosystem of actors and user-centered solutions for healthcare innovation	Bianchini
					664	Clinician's perspectives on what influences uptake of new technologies into rehabilitation practice	Scott
					730	Is design-driven innovation the pathway to success?	Engeler
					737	Design, medicine, and pain: Connecting communities and practices	Verba
Room:	HC016				Janet Paske		
				Chair:	Christine Smith		

Design4Health2018 Breakout Session Programme

3	11 - 12.30	Wed	Hawaiian Surf	Behaviour Change	567	Design model for health behaviour change	Rehn	3	11 - 12.30	Wed	Raspberry	Co-Design 2	671	Using distributed creative co-design to develop a treatment decision support tool for people with malignant pleural effusion	Wolstenholme
					652	Bringing behaviour change and design together through a co-designed app for improved bladder control in young people.	Moody						640	Co-designing mobile help-seeking toolkit with young people: An Australian case study	Zelenko
					653	Design and Self-management: The impact of teaching design skills to adolescents with chronic pain.	Partridge						741	Designing in Health: Developing Shared Knowledge through Prototyping	Bec
					678	Designing a Personalised Mobile Application to Improve Engagement With Pelvic Floor Muscle Training Amongst Women From Pregnancy to One Year After Delivery	Jones						777	Becoming authentic: embracing rogues, mavericks and rebels in the co-production of boundary objects.	Melville
Room: HC006				Steward:	Janet Paske			Room: HC029				Steward:	Janet Ulman		
				Chair:	Joe Langley							Chair:	Gemma Wheeler		
4	16.00 - 17.30	Wed	Hawaiian Surf	Design Cultures	590	Communication through pictograms – judgement test on drugs messages for international purposes	Camacho	4	16.00 - 17.30	Wed	Raspberry	Co-Design 3	648	Addressing Stigma and Marginalisation in the Design of a Toolkit for Opiate Overdose First Aid	Sellen
					697	Communication aids for nursing staff, foreign-language patients and their relatives in paediatric care	Kaufmann						650	Diabetes is like one of our family members: Exploring metaphors in user narratives to inspire design	Sen
					598	A qualitative study of dental hygiene practices of visually impaired users in India	Rane & Joshi						547	Visual and Material Slang: Improvisations and Healthcare Design	Ventura
					565	Co-Creating Men's Health and Lifestyle Postcards	Magee						654	Challenges in developing a co-designed patient experience toolkit using action research and design iteration cycles.	Partridge
Room: HC006				Steward:	Nantia Koulidou			Room: HC029				Steward:	Janet Paske		
				Chair:	Gemma Wheeler							Chair:	Cheryll Grindell		

Design4Health2018 Breakout Session Programme

3	11 - 12.30	Wed	Citrus	Education	628	Design + Nursing: Using Transformative Collaborative education for Concussion Prevention	Doehler	3	11 - 12.30	Wed	Butterum	Workshop (90 mins)	658	Methods of cross-over research: A co-creation navigation tool for design for health (max 20 people)	van Dijk	
					643	GLOBAL HEALTH CHALLENGE: case study of a co-designed interdisciplinary initiative with local organisations in support of internationalisation of curricula	Valentine						Steward:	Annie Dunsmore-Dawson		
					663	Zeitgeist Publication: A Storytelling Project with Residents & Design Students	Raber		11.45 - 12.30		Bamboo	Workshop (45 mins)		Hospitables (max 9 people)	Chamberlain	
					668	Co-designing time to chat, to reflect, to get it right: Young designers learn from seniors co-creating independent ageing plans	Taffe (Pedell)									
Room: HC032				Steward: Julie Roe		Chair: Irene Mabbott		Room: HC016				Steward: Annie Dunsmore-Dawson		Chair: Chamberlain		
4	16.00 - 17.30	Wed	Citrus	Dementia	624	Clothing and dementia. Exploring the lived experience.	Fleetwood-Smith	4	16.00 - 17.30	Wed	Butterum	Spaces?	571	A co-design investigation into Emergency Department Waiting Rooms	McGee	
					572	Designing person centred products for people living with dementia	Reay						585	Capturing The Everyday Lived Experience of a Care Home	Sedgewick	
					679	Understanding Meaningful Relationships for Families Living with Dementia in Long-term Care	Saby						612	Speculative futures: Health at home now to 2040	Szczepanska	
					719	Designing a better visit: Touch-screen apps for older people living with dementia and their loved ones in residential care settings	Pedell						591	Smart technologies in buildings: exploring the conflicts and opportunities for health and wellbeing	McIntyre	
Room: HC032				Steward: Janet Ulman		Chair: Gail Kenning		Room: HC016				Steward: Julie Roe		Chair: Paul Chamberlain		

Thursday 6th Sep

Sessi	Time	Day	Colour	Strand	ref	title	presenter	Sessi	Time	Day	Colour	Strand	ref	title	presenter
5	9 - 10.30	Thur	Hawaiian Surf	Visual communication	633	The role of micro-interactions in patient use of medication monitoring and control devices and packaging	Tsiantzi	5	9 - 10.30	Thur	Raspberry	Co-Design 4	623	What are the effects of co-designing on participants mental health and does uncertainty play a role in this change process?	Renedo Illarregi
					595	Animated instructions for medicines: who can asses the quality and effects?	van der Waarde						662	Child-led, Creative Exploration of Paediatric Incontinence	Wheeler
					621	Comparing male and female experiences in IVF treatment using journey mapping	Voorend						681	Design, architecture, pharmacy: making a difference to understanding AMR	Walker
					682	Value in the Unspoken: Collaborating Beyond Words	Broomfield						708	Exploring posters as a probing tool to engage nurses in a development process	Vosseveld
Room: HC006				Steward:	Remi Bec		Room: HC029				Steward:	Annie Dunsmore-Dawson			
				Chair:	Claire Craig						Chair:	Gary Hickey			
6	11 - 12.30	Thur	Hawaiian Surf	Stigma	604	Tactile toolkit for mental health conversations	Szczepanska	6	11 - 12.30	Thur	Raspberry	Co-Design 5	579	Developing Future Capacity: Exposing Health Care Organizations to Design through a University-Based Health Design Lab	Raber
					605	Valuing of the design process in HIV prevention, diagnosis and stigma	Rodriguez & Peralta						641	Co-Designing the future of the cancer ambulatory care shift: An exploratory study of stakeholder needs	Royer
					563	Moving beyond functionality and safety: Challenges in Designing AT for wellbeing.	Lindgren						620	Engaging stakeholders as partners: Co-designing a visual toolkit for psychoeducation about anxiety with young people, professionals and carers	Ireland
Room: HC006				Steward:	Cathy Slorency		Room: HC029				Steward:	Remi Bec			
				Chair:	Alaster Yoxall						Chair:	Alison Mayne			
												647	The need for distributed co-design in healthcare contexts	Langley	

Sessic	Time	Day	Colour	Strand	ref	title	presenter	Sessi	Time	Day	Colour	Strand	ref	title	presenter
5	9 - 10.30	Thur	Citrus	Technology & Design	721	Data model design for eHealth services: two cases of modelling data sharing in chronic care	Simonse	5	9 - 10.30	Thur	Butterum	Communication through Design	549	The democratisation of design tools in medical settings: Young patients can use the tools of their surgeons to become more informed and empowered	Allan
					665	Designing a mobile game to educate and improve healthcare engagement around skin sores in children	Price						727	A Design-led Process for Disseminating the Concept of Shared Decision Making	Akoglu
					667	Playful technology to help deaf children to speak: A case study using co-design method for designers to learn from speech therapists and parents	Taffe (Pedelle)						734	The discovery and visualization of Human Factors in Healthcare procedures.	Healion
					701	ACCESS ME NOT - an animation to communicate research results to a health care provider	Pedell						593	Logic models as a form of creative practice in co-production? Sharing learning from commissioning processes within South Yorkshire	Harris & Foden
Room:	HC032	Steward:	Cathy Slorency	Chair:	Christine Smith	Room:	HC016	Steward:	Julie Roe	Chair:	Dan Wolstenholme				
6	11 - 12.30	Thur	Citrus	Technology & Ageing	711	What moves you? Designing a walking app for and with older adults	den Haan Wintermans	6	11 - 12.30	Thur	Butterum	Co-production	713	Life Cafe - A Co-Designed Method of Engagement	Fisher & Craig
					692	Bach for Older People with Dementia: Collaborative Tablet Music Interaction and Ensemble Performance	Favilla (Pedell)						564	The co-design of a psychosocial intervention for 8-11 years olds with Attention Deficit Hyperactivity Disorder, ADHD Hub	Powell
					740	Older adults and mobile applications for health:	Karaca Salgamcioglu						684	Antimicrobial Stewardship in Asymptomatic Bacteriuria: Co-creating to promote appropriate care	Noel
					685	Framework for technology engagement and adoption in older adults	Desai (Astell)						699	Co-designing the waiting room of the future: Considering a combination of the spatial, service, and technology layer through the lens of patients emotions	Pedell
Room:	HC032	Steward:	Janet Ulman	Chair:	Joe Langley	Room:	HC016	Steward:	Julie Roe	Chair:	Claire Craig
