Total prize money

**£10,000**

# Medipex NHS Innovation Awards and Showcase 2011

Supported by:

**Yorkshire and the Humber**

Recognising and supporting innovation

## About the awards

The Medipex NHS Innovation Awards and Showcase was created to identify individuals and teams working for the NHS whose ideas or inventions have directly led to, or could lead to, improvements in patient care and must be capable of being scaled up for wider implementation across the NHS.

The competition is open to all NHS staff in the Yorkshire and Humber and East Midlands region (individuals and teams) or anyone working with an NHS employee in this area (eg a company, university employee or individual).

## How to enter

Entries can only be submitted online, via email or post and must be typed. Faxed and handwritten entries will not be accepted.

### Enter online

Submit your entry online at [www.medipex.co.uk](http://www.medipex.co.uk)

Stephanie Bridgford, Customer Services Manager,  
Medipex Ltd, Icon Business Centre,  
4100 Park Approach, Thorpe Park,  
Leeds, LS15 8GB

Full competition rules and regulations can be viewed online at [www.medipex.co.uk](http://www.medipex.co.uk)

## Categories

### GP and Primary Care

This category is for innovations which relate to improvements in primary care including (but not limited to) pathway redesign, a book, a DVD, a training course, redesign of a service, a public health campaign, a new device or incorporation of a new technology into a service.

### Acute and Secondary Care

This category is for innovations which relate to improvements in secondary care including (but not limited to) pathway redesign, a book, a DVD, a training course, redesign of a service, a new device or incorporation of a new technology into a service.

### Mental Health and Wellbeing

This category is for innovations which relate to improvements in mental health care including (but not limited to) pathway redesign, a book, a DVD, a training course, redesign of a service, a public health campaign, a new device or incorporation of a new technology into a service.

### Medical Devices and Diagnostics

This category relates to an idea for, or development of a new medical device, piece of equipment or diagnostic by a member of NHS staff either working as part of a team with other NHS staff members, in collaboration with a company or in collaboration with a University.

### Software and Telehealth

This category relates to the development or deployment of a new piece of software or a telehealth service by a member of NHS staff either working as part of a team with other NHS staff members, working with a company or in collaboration with a University.

## The awards ceremony

Finalists will be invited to attend an awards dinner and ceremony on 22 September 2011 when the winners will be announced. The prize money will be given to the appropriate clinical directorate on the understanding it will be ring-fenced for the winner.

Entrants are required to use the prize money for the benefit of their idea or innovation.

The closing date for entries is  
**5pm on Thursday 14 July 2011.**

Entries will not be accepted after this time.
